

Frame supports for the fixing of the Chorus modular devices, made in technopolymer and characterized by ribs that reinforce the structure and ensure high performances. The range includes versions for the mounting with plates for rectangular boxes and capacity up to 12 modules, versions for the mounting with international plates for round/square boxes and versions for DIN rail mounting. They fit in flush-mounting or wall-mounting boxes and are equipped with fixing system based on screws or clutches. The practical way of assembly/release from the front of the frame supports of the Chorus modular devices also allows to mount devices with modularity of 1/2, 1, 2 and 3 modules.
